#### NEWS

A book entitled A Parent's Guide to Child Discipline by Rudolf Dreikurs, M. D. and Loren Grey, Ph. D. has just been released by Hawthorn Books, Inc., New York, at a price of \$3.95. The seven chapters in it are:

1. Why a New Trend in Child Rearing is Needed.
2. Understanding the Child's Personality.
3. Principles Involved in the New Trend
4. Psychological Methods in Dealing with Children
5. The Social Methods
6. The Use of Logical Consequences
7. Conflict Solving through Consequences.

The book reflects "A modern system for raising modern children." It is asserted to be "a 'must' for parents and teachers alike. . .practical solutions for psychological and physical problems. . .numerous case histories. . .step-by-step directions. . .applies to children from birth to 21."

Bernice Grunwald gave a demonstration on Family Counseling at the Counseling Department, Hartford University, Hartford, Connecticut, on May 26, 1970.

The January, 1970 issue of the ASAP Calendar-Newsletter contained comments

regarding Dr. Harold Mosak's consultation work with the Rockford, Illinois Teacher Development Center and Demonstration School. The April 24, 1970 issue of Life (Page 76-78) contains a feature story on the project. There are interesting photographs of the children involved in the innovative program. A representative quotation made by one student was, "Next year I will avoid the basal readers because there's no excitement in them. I'm sick of Dick and Jane and Puff and Spot-- I like to work with everybody, the way we do in our class, and share ideas."

At the May meeting of the Adlerian group in Australia, Mr. K. J. McAdam gave an evaluation of natural and logical consequences. Case histories were used followed by enthusiastic discussion. Teachers present expressed appreciation for the insight they had gained into the understanding of pupils in the classroom.

Dr. Guy J. Manaster will teach Educational Psychology 667a - "Introduction to Individual Counseling" at the University of Texas at Austin during the second summer session. He is attempting to intergrate more Adlerian counseling into the program there.

A Parent Education program is being conducted (April 22 through June 3, 1970) by Dr. Duane E. Spiers at Offutt A.F.B., Nebraska. This is the fourth in a series of programs which has the goal of developing respect and cooperation in the family.

and the March issue on May 7th. We have experienced some problems with our bulk mailings, but an effort is being made to work these out more satisfactorily with the postal people.

IPNL, Organ of the International Association of Individual Psychology, Jan/Feb., 1970; contains an account by Paul Rom of the frustration and insults encountered by one adult during his experience of learning to drive. Repeatedly, the individual was discouraged by his instructors and made to feel that the task was one that he was not capable of conquering. It was suggested by one of his many instructors when she knew the driving test was scheduled, that "It will need a miracle for you to pass it!"

This instruction was from one adult to another adult, but the demeaning attitudes and discourteous remarks were many. One can compare this to the instruction which many adults give to children. They are often much less thoughtful and considerate of children than they would be to a fellow adult. Especially, children who are not quick to respond and who appear to be slow learners often receive harsh, impatient, and inappropriate instruction from adults.

#### FROM THE EDITORS:

We need, for the next issue of the Calendar, the Adlerian courses or courses with Adlerian orientation and workshops that will be taught the fall term of 1970.

We have received comments from some subscribers and members regarding the lateness of the ASAP Calendar-Newsletter. For instance, some indicate that they received the April issue on May 12th

## A S A P Professional Directory

Frequently we receive requests for information regarding counseling and training facilities in particular areas of the United States. This was especially true at the ASAP exhibit in New Orleans.

If the response is adequate, we plan to publish a directory of private practice, study groups, child guidance centers, and institutes staffed by individuals trained in the Adlerian approach. If you wish to be included, complete the following and return to Carrie Sonstegard, 329 Wagner Road, Morgantown, West Virginia 26505.

THE INFORMATION MUST BE IN OUR HANDS BY AUGUST 15, 1970.

-----

For each, give the following information as is pertinent. (Add other sheets if necessary.)

Name of facility \_\_\_\_\_  
(Institute, centers, study groups, private practice, etc.)

Location (give complete address) \_\_\_\_\_

\_\_\_\_\_ Phone \_\_\_\_\_

Dates, Time when available or when facility is open \_\_\_\_\_

Sponsoring Agency \_\_\_\_\_

Director's name and address \_\_\_\_\_

Person who does counseling or therapy \_\_\_\_\_

Where professional personnel obtained training \_\_\_\_\_

Professional services provided \_\_\_\_\_

Amount of fee \_\_\_\_\_

-----

To give us some idea of how many copies to prepare, complete the following, detach, and mail to Carrie Sonstegard, 329 Wagner Road, Morgantown, West Virginia 26505.

I would be interested in a Directory of Adlerian Counseling and Therapy Facilities.

I would not be interested

I believe the Directory should not cost more than  \$.50  \$1.00  \$1.50.
