## PRESIDENT'S MESSAGE

Dear friends:

The significant activity of Canadian members of the Society was recently recognized by the membership as a whole when the referendum on changing our name to the NORTH AMERICAN SOCIETY OF ADLERIAN PSYCHOLOGY was approved by an overwhelming majority. (Ed. note: Official documents will be changed in May so that the new name will be in effect in June.)

Space limitations do not allow for a complete summary of the action taken by the D.A. at its recent Special Meeting. The D.A. made use of a model for the structure of the meeting that included small and large group interaction. One of the significant results of the meeting is that the model proved so productive, both with regard to content and process, that its use will be continued at future D.A. meetings. In the future, but on a trial basis, much of the work of the Society will be conducted by six Standing Committees (see pp. 10-11). All members of the D.A. will belong to one of the committees and the chairperson of each committee will be a member of the D.A. Other members of the Society may belong to these committees or subcommittees.

Some actions of the D.A. that are likely to be of widespread interest to members and that are likely to influence the life of the Society in the future are as follows:

1. The Education Committee was asked to develop criteria and establish procedures by which training programs may be evaluated and accredited. The Committee was also asked to develop criteria by which individuals may be certified in a variety of functions; such as, psychotherapist, study group leader, family counselor, etc.
2. Among the recommendations designed to encourage regional development of the Society, one that was well received and is likely to receive final approval at the May meeting, is a revenue sharing plan by virtue of which NASAP would provide funds to each region that has developed a regional organization. The consensus of the D.A. is that the objectives of NASAP will be met in the future largely through the work of its regional organizations, while NASAP will provide supporting services. (n.b., several regions have no regional organization.) The development of publications would be just one of the supporting services provided by NASAP. Numerous recommendations with regard to the development of publications of a supportive nature were made.
3. The development of Adlerian perspectives regarding social issues (Advocacy) will be carried out in part in forums scheduled at each semi-annual and annual meetings. The first forum under this program will be held in the Fall 1977 meeting.

President's Message cont'd

4. A membership campaign will become an annual activity of the Society. (Our present membership has grown to 961 and we stand a very good chance of meeting our goal of 1,000 members by the time of our May meeting in Chicago.
5. It was recommended that a seminar designed to relate innovative practices in psychology and education to the theoretical framework of Individual Psychology become a regular feature of the program at our annual meetings.
6. Very specific guidelines for the conduct of our annual and semi-annual meetings and workshops were developed and will be refined in committee prior to their final approval.
7. The D.A. directed the Executive Committee to bring recommendations to the May meeting with regard to a program for the development of federal and other sources of funding for NASAP projects.

These are just a few of the many recommendations developed at this Special Meeting. The hundreds of ideas generated at the meeting will provide grist for the mill for some time to come. Thank you for your ideas. Every letter received was studied by the appropriate committee. See you in Chicago.

Best wishes,

Francis X. Walton, President

ADVOCACY

Corvallis, OR 4-2-77

At the ASAP planning workshop in Chicago a new Advocacy Committee was created to actively influence today's issues in terms of Adler's psychology.

As a starter, how about a stand on the current practice of federal deficit spending. The 4-4-77 U.S. News and World Reports, Letter to the Editor, says, "...we have stolen over 700 billion dollars from our descendants. There is no way our generation of taxpayers will repay this debt...Perhaps more discouraging is that we have saddled our descendants with a yearly interest bill of at least 45 billion dollars and show no inclination to reduce this 'inheritance' for our children."

Is our president and the Congress at fault? No, we are! We are a nation of pampered children and any politician who seriously tried for honesty and responsibility was voted out of office by us. The time has come to examine issues in light of Adler's Social Interest and speak up. Support the Advocacy Committee; write your Congressmen/women; join established action groups of your choice--Common Cause for example--and terminate this stealing from our grandchildren.

TRAVELS OF "TEE"

Chicago, IL 3-31-77

I have just returned from my trip abroad and I am wondering if the readers of ASAP Newsletter would be interested in reading what I have to report. While in Tel-Aviv I visited my friend, Chaya Ben Sira. I see her as often as I can because she is full of wonderful memories of her early days in Russia, Tel-Aviv, and most importantly, her days in Vienna in the late twenties when she followed Alfred Adler and attended his Erziehungsberatungsstelle (Parent Education Centers). Some may remember her by the name of Chaya Hurwitz Suckerman. She was preparing to open a pre-school kindergarten in Tel-Aviv.

During my work in Zurich, Athens and Salonika I probably had close to 300 participants--some novices to IP, and others quite sophisticated. I conducted 33 workshops and gave two lectures. The outstanding impression for me was the experience of how culturally bound we are in our habits. This was strikingly demonstrated in each country.

In Israel, as in previous years, I learned that in Art Therapy I can now work on two other techniques--1. "Dreikurs' anti-suggestion"; 2) the understanding of the continuation of the enactment of the place in the family constellation--through the choice of a working companion and/or group and the reaction therein--but this needs elaboration not in place in this report.

I was curious about the formation of a group of 35 members in Salonika. This is its origin--In 1962 when Rudolf Dreikurs was conducting a series of courses for teachers at Pearce College in Athens, two teachers introduced themselves as coming from the "Israeli School". Dr. D. asked them if they were visitors from Israel. They responded that they came from Israel to teach in the "Israeli" school in Athens, a recognized school through the high school years. The Jews of Athens sent their children for general education plus preparation to go to college in Israel. These teachers introduced Dreikurs' approach to the classroom and also formed groups for the parents of

Letters, Travels of "Tee" cont'd

their pupils to introduce them to Adlerian psychology. When Juliette Cavadas and Frosso Kenis started an Adlerian group in Athens, some of the mothers joined and have remained devoted workers. They in turn introduced IP to their cousins in Salonika.

A whole long interesting story should be related about the history of the Jews in Greece--perhaps another time.

Good wishes,  
Tee Dreikurs

REVIEW BOOKS

Guy Manaster, Editor of JIP, writes--"Starting with the May, 1977 issue, the Journal of Individual Psychology will list books received for review which have not been assigned to reviewers. The listing will be titled 'Publications Received'. We encourage members of the Society to browse through this list and request from us any books they would like to review or note. We cannot guarantee publication of all reviews. But when a member asks to review a particular book, we will send it out (if it has not been previously requested). On receipt of the review, or note, we will do our best to include it. I hope this policy promotes greater participation and interest in this important facet of the Journal."

NEW PUBLICATION

PSYCHODRAMA: REHEARSAL FOR LIVING, Adaline Starr, B.F.A.

Psychodrama is a form of psychotherapy that uses acting to help a patient solve mental and emotional problems. While many professionals have extolled the virtue, value, and importance of psychodrama in group therapy, too few psychologists, clinicians, health workers and concerned laymen know exactly how to apply the technique in actual clinical settings.

Of General Interest, Psychodrama cont'd

Step by step, chapter by chapter, the procedures and methods of psychodrama are revealed, simply and clearly, by Adaline Starr as she demonstrates how communication through acting can reveal personality traits and specific modes of action. She shares the skills and techniques she and others have developed and gives practical examples of the playscript form psychodrama takes, the techniques that often work best, and those that often do not work. Each situation and its outcome is analyzed in detail.

The in-depth explanations of and directions for the application of psychodrama in the treatment of alcoholism, mental problems, drug abuse, psychosis, and depression, coupled with some twenty-five case histories, result in a humanistic guide that identifies and clarifies the important function psychodrama performs in the total therapeutic process.

Book is available through Alfred Adler Institute of Chicago, 159 N. Dearborn, Chicago 60601. 392 pp. Cloth \$18.00; Paper \$9.95

MEETING SITES

It has been recommended that the site for ASAP meetings be approved at least one and one-half years in advance. The following meetings have been set:

- Semi-annual meeting 1977 -- Minneapolis, MN
- Annual Convention 1978 -- Washington, D.C.

The Society is open to invitations to the semi-annual meeting in the fall of 1978. The dates would be October 27, 28, 29. At the present time, the D.A. meets on Friday; the host group sponsors seminars on Saturday for which they receive all the profits; and workshops are held on Sunday, profits going to ASAP.

Invitations would also be welcome for our annual convention in 1979, to be held Memorial Day weekend. Once again, present plans call for a D.A. meeting on Friday, convention on Saturday and Sunday and workshops on Monday and Tuesday. Convention profits are divided 75% for ASAP and 25% for local host and post-convention workshops profits go to ASAP. If the host group sponsors pre-convention workshops, the profits are split 50-50 and if the host group has a speaker on Friday evening, all the profits go to the host group.

Letters of invitation may be addressed to President Frank Walton and sent to the central office at 159 N. Dearborn, Chicago 60601. The D.A. will consider invitations and site selection at its meeting on May 27, 1977.

IN MEMORIAM--G. Edward Stormer

Word was received of the untimely death of G. Edward Stormer in March. He was killed in a plane crash in West Virginia. Ed became a member of ASAP in 1966 while he was associated with West Virginia University in the Counseling and Guidance Training Program. He worked with Manford Sonstegard and during that time was co-editor of the ASAP Monthly Calendar and Newsletter and Assistant Editor of Individual Psychologist. He was very active in APGA and presented several programs at their meetings.

Ed came to Governors State University near Chicago in 1970 and was among the first professors at this new university. He was instrumental in developing the School Counseling, School Psychologist and Generalist Counseling Program at Governors State. He also was responsible for the development of an Entitlement School Counselor Program, whereby graduates of the program may become certified for counseling in the area in which they have their teacher certification. He and Kenneth Wieg were co-teaching in several Adlerian courses at the university. A unique program he developed was an independent study module for "Behavior Problems", collecting a series of tapes and readings for students so that they could study on their own time and at their own pace to fulfill the requirements for "Behavior Problems".

Ed was active in the community around Governors State and was very involved in the schools in the area. He will be sorely missed.

Eugene McClory of the AAI of Chicago said, "All of us were shocked and saddened by the sudden death of Ed Stormer, a member of the Institute's faculty. Just a few days before his death he attended an Institute faculty meeting and was, as always, generous and helpful with his advice on many issues discussed. The Board, faculty and administration of the Institute have expressed their condolences to his family. We miss him."

D. A. ELECTION RESULTS

Participation in the D.A. elections was far greater this year than in the past. A total of 288 ballots were cast by the time of the deadline, April 8, 1977. This represents a little more than double the number of ballots cast in 1976. The following were elected to serve a three-year term beginning with the May, 1977 meeting:

Region I  
Maurice Bullard  
Edna Nash

Region II  
Ronald Pancner  
Robert L. Powers

Region III \*  
W. Dayton Salisbury, S.S.J.

Region IV  
Judith V. Bradford  
William H. McKelvie

Region V  
Kurt A. Adler

\* There was a tie vote for Edith A. Dewey and Pattye W. Kennedy so second delegate will be determined later.

A CALL FOR RESEARCH PROPOSALS -- 2nd Notice

To date the Research Proposal Review Panel to be presented at the Annual ASAP convention in Chicago (May, 1977) has not received any research proposals. The purpose of the Panel is to stimulate and assist in the development, implementation and dissemination of empirically sound research in Individual Psychology.

A panel of Adlerian researchers has been established and approved by the Executive Committee of ASAP to provide a working "demonstration" at the Annual Convention. The Panel is prepared to review and discuss research prospecti and studies selected for

Of General Interest, Research Proposals cont'd

presentation. However, the panel is still searching for proposals and studies to present at the convention.

If any members, or your colleagues, or your students are currently involved or planning research efforts, please contact:

Dr. James J. McDonough, Jr.  
Chairperson, Research Proposal Review Panel  
Alfred Adler Institute of Minnesota  
Suite 128, Wood-Excel Bldg.  
5009 Excelsior Blvd.  
Minneapolis, Minnesota 55416

Jim McDonough expressed the hope that he would hear from you soon!

APGA BOOTH

ASAP again sponsored an information booth at the APGA annual meeting. This year the meeting was held in Dallas and the Texas Society of Adlerian Psychology co-sponsored the booth and provided the "people power". The Society is grateful to Colin Kennedy for designing an attractive booth and to Rita Cole for being an enthusiastic and informed presence at the booth. We have heard favorable reports from people in attendance and there will be a follow-up mailing to those who stopped by and asked for additional information.

CONGRATULATIONS TO "SONSTE"

Manford Sonstegard received the Professional Development Award at the APGA banquet in the Dallas Hilton, Thursday evening, March 8. He was selected from a number of nominees by a committee of nationwide individuals who reviewed the nominations. According to James R. Barclay, APGA Awards Chairman, "it is a singular award for him and well deserved." Our congratulations to Sonste!

SPECIAL D.A. MEETING

The President's Message gives a summary of the Special Meeting of the D.A. and some of the action taken at that meeting. Minutes of the meeting and copies of the reports of the seven Task Groups are available upon request.

Bob Powers, Chairman of the By-laws Task Group, will be working on a new Constitution and By-laws to be presented later. Powers will collate the ideas, suggestions and recommendations of each of the Task Groups and individual members and will prepare a written document to be circulated. In the meantime, he presented a proposal for Standing Committees to carry out the work of the D.A., which was approved on a trial basis. This proposal is printed in its entirety since it will serve as a guide for the May meeting.

1. The work of the Delegate Assembly shall be conducted through a structure of Standing Committees whose names and responsibilities shall be defined as follows:
  - a. The Standing Committee on the Constitution  
All questions regarding constitution and by-laws, elections, ethics, delinquency, suspension, and expulsion.
  - b. The Standing Committee on Development  
All questions regarding Advocacy, public relations, and liaison "with other groups, associations, and schools of thought in the fields of

Of General Interest, Special D.A. Meeting cont'd

psychology, education, etc." (cf. Article II.)

d. The Standing Committee on Education

All questions regarding Annual Meetings and other meetings of the Society, training, workshops, consumer education, accreditation, certification, and professional standards and competencies.

e. The Standing Committee on Publications

All questions regarding scientific development of theory and practice in Individual Psychology, publications, and research.

2. Every delegate shall accept assignment to a Standing Committee, excepting only the officers, who constitute the Executive Committee.
3. No delegate shall be barred from participating in the deliberations of any standing committee, whether or not that delegate is assigned to membership in the committee.
4. Every meeting of the Delegate Assembly shall begin with the D.A. sitting as a committee of the whole, to review minutes of the preceding meeting, to establish procedures for the present meeting, and to assign agenda items to the appropriate standing committees for review and deliberation.
5. No meeting of the Delegate Assembly shall continue until each of the standing committees has been given sufficient time to meet, review, deliberate upon, and prepare action proposals in the form of motions or otherwise, which shall then be laid before the D.A. for final debate and action.

Some other items approved by the D.A. include the following:

1. Authorized the Executive Secretary to employ additional secretarial help up to 20 hours a week.
2. Authorized \$100 for each Standing Committee to defray expenses of the committee, if needed.
3. Approved a statement on Functions of Executive Secretary that will be used as a guideline for the operation of that office.
4. Approved a document presented by the Advocacy Task Group that will serve as a guideline for the Public Relations Committee in the implementation of an advocacy process.
5. Approved two recommendations of the Expansion Task Group regarding the organizing of regions into operational groups and the development of regional resource lists and workshops.
6. Approved the recommendation that the membership drive be continued.
7. Approved the recommendation that the site selection for ASAP meetings be made at least one and one-half years in advance.
8. Approved the recommendation that seed money be made available upon request for both the May and November meetings, said request to be accompanied by justification and addressed to the Executive Committee; that a segment be available 17 months in advance, if necessary.

Of General Interest, Special D.A. Meeting cont'd

The Election Task Group recommended that the same governing structure be maintained for the Society. Clarification and changes in the By-laws were suggested for the election process, which will be incorporated into that document.

A number of items were referred to the various Standing Committees for the May meeting.

The D.A. is appreciative of the services of Evelyn Klyve, who helped to type the proposals of the Task Groups so that each member of the D.A. had a copy before leaving the Chicago meeting.

ACRONYMS

Marti Malterre, Family Study Groups of Orange County, sent in some additional ideas for what COPE might signify--Class of Parent Education, Class on Parent Encouragement, Children of Parents Encouraged (This could imply both parents and children being encouraged.), Children of Parents Encouraging, Class of People Encouragement. Keep the ideas coming in!

EXECUTIVE SECRETARY REPLACEMENT

The D.A. previously approved a leave of absence of one year for Neva Hefner. Kay Schecht of Houston, Texas has agreed to take the position of Executive Secretary and will move to Chicago in June and stay through the following August. Kay has been active in the Texas Society of Adlerian Psychology, was chairperson for the semi-annual meeting in Houston in 1975, and has studied with Buzz O'Connell.

Students in this sequence will have an opportunity to enroll in Dr. Kopp's fall course, "The Life Style System: Theory, Research and Practice".

For further information, contact: CSPP, Los Angeles, 3755 Beverly Boulevard, Los Angeles, CA 90004. Kopp further reports that CSPP-LA has recently been granted full accreditation by the Western Association of Schools and Colleges.

Barbara and Richard Kopp presented a program entitled, "Positive Parenting for Adoptive Parents", to parents awaiting adoption of a child. The program was held in March and was sponsored by the Los Angeles County Department of Adoptions.

On March 28, Richard Kopp presented a full-day workshop to school psychologists, sponsored by the California Association of School Psychologists. The title of the workshop was "Humanistic Assessment: An Approach to the Whole Child". Kopp presented the Adlerian approach to interpreting early recollections and demonstrated the usefulness of this technique in the school setting. Kopp felt this was a significant breakthrough to have the State Association sponsor an Adlerian workshop for its members.

The Center for the Improvement of Child Caring (CICC) has received a three-year grant from NIMH for the purpose of training mental health professionals in Parent Development. Richard Kopp, a member of the Professional Advisory Committee of CICC, will be Curriculum Coordinator for the grant, which will feature the Adlerian approach to parenting as well as several other parenting approaches.

Sierra Madre--Richard and Barbara Kopp will present and demonstrate techniques for "Defusing Power Conflicts Between Parent and Child" to a group of 150 parents on May 10. The presentation is sponsored by the Sierra Madre Community Nursery School.

HAWAII

Honolulu--Adlerians interested in studying in Hawaii with Don Dinkmeyer and Hugh Allred in Group Procedures, Marriage and Family Counseling should contact: Jerry Bauknight, 307B Travis Av., Hickam AFB, Honolulu, HI 96553 and Brigham Young University, Prof. Ron Jackson, Hawaii Campus, Lai, HI 96762.

An article appeared in a recent issue of the Honolulu Advertiser indicating that the Department of Education (DOE) reportedly will consider pilot-testing a locally developed approach to education that stresses "the 4 R's" of student respect, responsibility, resourcefulness and responsiveness. The concept, called Individual Education, was developed by Ray Corsini and is being used in three Oahu private schools. The Hawaii Department of Education has invited Corsini to fully explain the concept to DOE curriculum specialists and other decision-makers who could ask Superintendent of Education Charles Clark and the State Board of Education to give it a try. The meeting was scheduled for April 13.

Corsini indicated "the DOE is so completely bound in tradition that they are giving us this much official attention is really surprising...We believe at this end of the world that if IE comes into the schools that it will increase interest in things IP immediately and immeasurably!..as far as I am concerned--and I am not a neutral observer--this is probably the biggest Adlerian news in the decade."

(Ed. note--Corsini included a summary of the IE system but space and time did not permit printing it in this issue--perhaps next month.)

REGION II--MIDWEST

ILLINOIS

Chicago--AAI of Chicago - Fifty-nine students from outside the Chicago area have been admitted to the Master's Program in Counseling Psychology and to the Certificate Program in Psychotherapy. The Summer Schedule of courses provides these students with many opportunities to complete their programs: Group Therapy - An Experiential Course (formerly called the Group Didactic Therapeutic Experience) will be offered in June and in August; A Practicum for Clinicians has been scheduled for June; Psychodynamics of Psychopathology III (The Psychoses) will be offered at the end of August--a required course for the Psychotherapy Program; Family Counseling I--an elective in the Certificate Program--will also be presented in August. In addition, several other courses and one-day workshops are listed in the SUMMER CALENDAR on page 4 of this NL. Full details will be mailed at the end of April to all on the AAI mailing list.

The Institute's Self-Study has been completed and will be submitted to the North Central Association on May 1, as scheduled. This is a large step in the direction of the full accreditation of the Institute, which, hopefully, will be accomplished within the next year.

The appointment of a Dean of Faculty and Director of the Rudolf Dreikurs Psychological Services Center will be announced within the next few weeks. The Institute appreciated the response of applicants from all over the country for these positions.

Many of you will be in Chicago for the May ASAP Convention. Again, the Institute wants to invite you to visit them in their new home at 159 N. Dearborn on Friday, May 27, 9 a.m. to 5 p.m. During the days of the Convention, some of the Institute staff will be on hand to meet you and to acquaint you with their programs.

REGION III--SOUTH

ALABAMA

Montgomery--Harold Mosak conducted a very successful two-day workshop, co-sponsored by the Alabama Society of Adlerian Psychology and Troy State University in Montgomery on February 26 and 27, in which he demonstrated individual and group counseling. The Alabama Society of Adlerian Psychology also held a banquet for its members in which Harold and Birdie Mosak spoke very enthusiastically about the progress of ASAP. Their friendliness, encouragement and enthusiasm provided a spark for both new and old members, according to Steve Hirschorn. Parent Study Groups are continuing to be conducted in Montgomery and have begun in Birmingham. In the past year, leadership training for new Parent Study Group leaders has been initiated and membership has climbed to a high of approximately 125 members.

FLORIDA

Hollywood--Don Dinkmeyer reports that the Adlerian oriented parent education program, STEP (Systematic Training for Effective Parenting) is now being widely used in all 50 states. It is adopted in Australia and being considered for translation in Japan. The program can be obtained from American Guidance Service, Circle Pines, MN 55014 and from AAI of Chicago, 159 N. Dearborn, Chicago, IL 60601.

INTERNATIONAL

INDIA

Nicholas S. Ionedes reports that he and his wife participated in the Congress of the International Association of Social Psychiatry in India from February 23 to March 8. About 150 American psychiatrists, psychologists, social workers, etc. participated. He writes, "It was an unbelievable experience. I am very happy that I am an Adlerian. It was easy for me, as an Adlerian, to understand the personality and the problems of the Indian people. My paper on the 'Democratic Evolution in the USA', based on my Adlerian-Dreikurs orientation, was very well received."
